THAT OLD CAN OF MINE

To own a nice little car that will run always was the secret ambition of Isadore Cat. Later he found that his little hand made car was often bounced off the road by the more speedy cars. Some of the big ones won't even speak to Izzy when they pass. Big Dough and his swell car fall off a bridge into the river. Izzy drives down and pulls the big car out of the water-when they reach the shore Izzy cuts the rope and the big car drops back again.

Izzy finds that even though his car doesn't look so good he can go most anywhere with it. Finally at the home of "Baby Queen" his faithful car gives him trouble. It will start but it stops just as soon as he reaches the wheel. This annoys his sweetie. Then along comes "Gotrocks" the millionaire sheik and "Baby" runs away with him. Izzy is driven to distraction he beats the car up and it starts running fine. Izzy says: "Women And Cheap Cars Are Hard To Understand".
